## LIVE STOCK, CROP, ETC.

—Hon. A. S. Thompson sold last week 33 head of 1,200-lb. cattle to H. Margolen, the butcher.

—Will Bedford, of North Middletown, delivered to L. Joseph, 50 cattle, weight 1,481 lbs., at \$5.10.

—Newt. Rankin has shipped to Tennessee and Pennsylvania since August 8, 14 car-load of young mules purchased in this vicinity.

—The Department of Agriculture warns the people against the ginseng craze. The demand is limited and requires four years for the plant to become productive and they are hard to raise.

—Mr. Charles H. Nash, Jr., of Hopkinsville, Ky., last spring planted some cotton seed in his garden as an experiment, and now has a fully matured crop. The plants are about three feet high and fully developed, and the cotton produced is of a very fine texture. Mr. Nash estimates his crop to be about ten pounds, but says he will go into to cultivation of cotton on a much larger scale next year.

## Opera House News.

Manager Wiggins has been in Richmond consulting his brother in regard to the Paris Grand. They have decided that if the boxes, numbering six, can be rented to families by the season, by so doing, Paris people can be furnished some of the best attractions on the road. They cannot afford to pay a large rent and guarantees also. They have informed us they lost a good bunch of money here last season. If the boxes can be rented out the rent on the boxes will almost pay the rent on the house. Then they can afford to give the large attractions first money propositions. There are a number of fine attractions that want to come here, such as Maude Adams, Richard Mansfield, Joe Jefferson and a great many comic operas, providing they can get so much first money. By renting these boxes this will increase business 20 per cent. No doubt many Paris citizens are interested in this amusement enterprise and want good attractions. Paris has one of the nicest theatres in the State and plenty large enough to accommodate any attraction on the road. Why not make it a success. Every person in Paris can help the theatre in some way. What is the use to let such a fine theatre as ours be closed on account of bad patronage. The theatre business in this city has been very poor the last three years. There are a great many rich men in this city who can rent these boxes and never miss the small amount of rent on same.

These boxes can be rented at \$100 apiece by the season for a family of six. They have the privilege of taking their friends (providing there are only six) at any time. Parties wishing to rent these boxes can write to THE NEWS, or D. C. Wiggins, Mgr. Paris Grand.

## An Artist In Her Line.

Fall hats will be made entirely of velvet (or trimmed lavishly with it), to go with the velvet gowns this Fall. Flowers and plumes, in every tint of yellow, on down through burnt orange and ecqde roche, to terra cotta and rich wine color, are being shown on all sorts of stunning hats. White chiffon and white mull hats with delicate touches of silver are among the prettiest of the evening hats.

Mrs. Corne Watson Baird, our up-to-date milliner, has made a close study of the styles and will be able to cope with any of the Eastern hat shops when it comes to fixing up something swell for her fastidious customers this season. Remember the dates of her Fall display. All the ladies are invited to have a look. See display ad. in another column.

SAY!—Talk to T. Porter Smith about the insurance. (18av-tf)

## Disastrous Wreck.

Two passenger trains on the Southern railway, carrying heavy lists of passengers, collided near Newmarket, Tenn., Saturday and fifty-four people were killed and more than 100 were injured, several of whom probably will die. The wreck was caused by the failure of an engineer to obey orders.

## Best Game of the Season.

The game of ball Sunday between the Paris Blues and the semi-professional Blue Licks, of Covington at Bacon's Park resulted in the defeat of the locals by a score of 1 to 0. The game was the best of the season and was much enjoyed by the 400 people present. The pitching of both Ferguson and Cooper was gilt-edge, the number of hits secured being 3 off each pitcher. Cooper excelled his opponent by having better control of the ball and using greater speed, striking out 17 men while Ferguson secured only 9 strike-outs to his credit.

It was a hard game to lose in the face of such masterly pitching, and the lone run secured by the visitors came in the seventh inning on an error by Spears, third baseman of the Paris team, who muffed a slow infield hit, losing the opportunity of completing a neat double play that would have retired the side.

The Blue Licks played magnificent ball, fielding everything that came their way like veterans. They will return here for a series of three games for Thursday, Friday and Sunday. Their gentlemanly conduct and their skill and ability as first-class ball players insures local patrons of the privilege of witnessing several more close and interesting games. The score:

	1	2	3	4	5	6	7	8	9
Blue Licks	0	0	0	0	0	1	0	0	1
Paris	0	0	0	0	0	0	0	0	0
Hits—Blue Licks	3	Paris	3						
Struck out by Ferguson	9	by Cooper	17						
Hit by pitched ball—by Cooper	1
